Author index to volume 3 for year 2007

	Issue	Page
Aviles Lopez A., Cascales Salinas B., Kadets V., and Leonov A. The Schur ℓ_1 Theorem for Filters	4	383
Aminov Yu. and Witkowska J. Generalization of the H.A. Schwarz Theorem on Stability of Minimal Surfaces	4	399
Azarin V. On the Polynomial Asymptotics of Subharmonic Functions of Finite Order and their Mass Distributions	1	5
Belov I.S. Local Extremums of Trigonometric Polynomial	3	291
Berezhnyi M.A. The Asymptotic Behavior of Viscous Incompressible Fluid Small Oscillations with Solid Interacting Particles	2	135
Bershtein O., Stolin A., and Vaksman L. Spherical Principal Series of Quantum Harish–Chandra Modules	2	157
Borisenko A.A. and Olin E.A. Some Comparison Theorems in Finsler–Hadamard Manifolds	3	298
Cascales Salinas B. — see Aviles Lopez A., Cascales Salinas B., Kadets V., and Leonov A. The Schur ℓ_1 Theorem for Filters	4	383
Durante T. and Mel'nyk T.A. Asymptotic Analysis of a Parabolic Problem in a Thick Two-Level Junction	3	313
Durdiev D.K. Some Multidimensional Inverse Problems of Memory Determination in Hyperbolic Equations	4	411
Eremenko A. A Toda Lattice in Dimension 2 and Nevanlinna Theory	1	39
Favorov S.Yu. and Rakhnin A.V. Subharmonic Almost Periodic Functions of Slow Growth	1	109
Favorov S.Yu. and Girya N. A Multidimensional Version of Levin's Secular Constant Theorem and its Applications	3	365
Gorin E.A. The Cartan Lemma by B.Ya. Levin and its Applications	1	13
Girya N. — see *Favorov S.Yu. and Girya N.* A Multidimensional Version of Levin's Secular Constant Theorem and its Applications	3	365

Kadets V. and Leonov A. Dominated Convergence and Egorov Theorems for Filter Convergence **2** **196**

Chronicle

International Conference on the centennial of the birthday of B.Ya. Levin **1** **128**

The seventieth birthday of Valentin Yakovlevich Golodets **2** **277**

The seventieth birthday of Anatoly Ignatovich Medianik . **2** **280**

The seventieth birthday of Evgeny Yakovlevich Khruslov **2** **282**

In commemoration of Michail Samuilovich Livshits **4** **490**

In commemoration of Lionid L'vovich Vaksman **4** **496**

Author index to volume 3 for year 2007 . . . . . **4** **498**
